Holds a B. Sc. in Electronics & Communications Engineering and has about 5 years' experience working as Network Engineer.

PERSONAL DATA

Nationality	:	Egyptian
Birth Date	:	08/07/1994
Gender	:	Male
Marital Status	:	Single
Residence	:	Nasr City, Cairo

EDUCATION

: B. Sc. in Electronics & Communications Engineering, Mansoura University, 2017

LANGUAGES

Arabic	:	Native Language
English	:	Very Good

COMPUTER SKILLS

: Windows, MS Office, Internet
: MAC
: Adobe Photoshop

TRAINING COURSES AND CERTIFICATIONS

: American Language Center: Level 9 in English Language (Jul. 2012).
: Cisco:
- CCNA Routing and Switching (Aug. 2016).
- Cisco Certified Specialist - Enterprise Advanced Infrastructure Implementation.
- Cisco Certified Specialist - Enterprise Core.
- CCNP Enterprise (Jul. 2020).
: VMware:
- VMware Foundations (Aug. 2019).
- VMware vsphere (install, configure and manage) (VCP-DCV 2019).
- VMware NSX (install, configure and manage) (VCP-NV 2019).
: Dell: Information Storage and Management (ISMv4).

- : Online:
  - Introduction to SAN and NAS Storage (Flackbox).
  - Practical Introduction to Cloud Computing (Flackbox).
  - VMware vsphere upgrade 6.7 (ArabCBT).
  - IT for Business Success (HP).
- : CCNA (Collaboration, Security & Data Center).
- : CCNP Data Center Unified Computing Implementation (DCUCI) - CBT Nuggets.
- : CCNP Data Center Unified Fabric Implementation (DCUFI) - CBT Nuggets.
- : Cisco UCS Upgrade.
- : VEEAM Backup & Replication.
- : Juniper Networks, JNCIA.
- : Internships:
  - Training in Elegant Center (Networking Fundamentals) (May 2016).
  - Training in Telecom Egypt (Telephone Networks) (Aug. 2016).

CHRONOLOGICAL EXPERIENCE RECORD

Dates	:	From 2017 till now
Employer	:	Systems Engineering of Egypt (SEE)
		SEE (Systems Engineering of Egypt) is a Cairo based systems integrator with activities all over Egypt and the region, SEE provides outstanding solutions in Data Center, virtualization, unified computing, collaboration, video, contact centers, integrated security, cloud building, enterprise networking infrastructure and wireless technology (WIMAX, LTE, and Wi-Fi).
Projects	:	• Cairo Airport: Managing the whole Network and Data Center in the terminal- B. The project provides dealing with Cisco Nexus devices, Cisco Catalyst switches, Cisco UCS servers, VMware vsphere and vcenter, EMC VNX & VNXe storage, VEEAM Backup solution, Cisco Prime and Cisco wireless controller with access points. • 57357 Hospital: upgrade their existing network to the latest and most reliable solution including replacing the old switches with new edges 3650 Catalyst switches and new core switches Nexus 7K and new distribution switches Nexus 9K, Also, replacing the old DC FW modules by the New next generation firewalls and making a new identity services engines. • Credit Agricole Bank: Requires 4 Cisco Catalyst 3650 48 Port PoE 4x1G Uplink IP Base and 6 Cisco Catalyst 3650 24 Port PoE 4x1G Uplink IP Base as spare parts for the existing End of Life switches. • Banque Misr: Replacement for End of Life Branches Routers with Cisco 4331 ISR Routers including IOS Update and Configuration. • Civil Status Organization (Ministry of Interior): Replacement for old Ethernet Modules in Branches Routers with new Cisco 2960 switches including IOS Update and Configuration.
Job title	:	Senior Network Engineer
Job Description	:	• Involved in designing and implementing network solutions. • Troubleshoot, Identify and Resolve all Network related incidents over different technologies.
