Projects:

The following is a brief summary of some of the projects that I have implemented and supervised from the time they are received until they are delivered to the competent authorities:

- Implementation of 2 Residential Buildings in the new city of Ismailia for Al-Mearag Contracting Company (in 2016).
- Implementation of 2 medical centers in the social housing area for the Obour City Development Authority (in 2017).
- Implementing a school for people with special needs in family housing for the Obour City Development Authority (in 2017).
- Implementing 2 nurseries in the social housing area for the 6th of October City Authority (in 2018).
- Implementing a commercial market in the social housing area for the 6th of October City Authority (in 2018 & 2019).
- Construction project (Model 33 class school + commercial market + nursery) within the social housing services for the October Gardens Development Authority (in 2019 & 2020).
- A project to establish a youth center consisting of (2 swimming pools + main building + 2 clothes changing buildings + 3 playgrounds) within the social housing services for the October Gardens City Development Authority (in 2020 & 2021 ...).

- Field of experience** :
- Study the project (project design drawings, Quantities surveying for the project items in the pre-execution stage and set a schedule for every stage into the project.
 - Prepare requests for information RfIs for all missing data and sketches for these issues.
 - Producing concrete dimensions drawings acc. and coordinate with MEP departments and RfIs if needed.
 - Prepare work shop drawings for any item in project according to design drawings (foundations, columns, beams, deep beams, walls, slabs, tanks...etc.).
 - Coordinate with our suppliers and the site requirements if needed.
