

Has about 24 years' experience in supervision, preventive, periodic maintenance troubleshooting, commissioning, electrical control circuits, AC DC motors, transformers, circuit breakers switches gear, instrumentation. Has long experience in cement plants.

## **PERSONAL DATA**

Nationality : Egyptian  
Gender : Male  
Residence : Alexandria

## **EDUCATION**

: Alexandria Advanced Technical School (Electrical) (5 years), 1998

## **LANGUAGES**

Arabic : Native Language  
English : Good

## **COMPUTER SKILLS**

: Windows, MS Office, Internet

## **TRAINING COURSES AND CERTIFICATIONS**

- : Design, Maintenance and Testing of MV Switchgear, Schneider Electric.
- : Hydraulics Control Systems.
- : ELECTRICAL REHABILITATION to work in High and Low tension.
- : ABB Courses Drive ACS 600 Maintenance and Operate +Logic Drive Window.
- : Atlas Copco machine Maintenance and Operate.
- : Endress+Hauser Smart Instrument, Endress+Hauser.
- : Industrial Safety.
- : ELECTRO-PNEUMATIC at DONBOSCO INSTITUTE.
- : PLCs Courses including (STEP7 of SEIMENS) at DONBOSCO INSTITUTE.
- : Control Circuits at DONBOSCO INSTITUTE.
- : Bearing basics at SKF.

## CHRONOLOGICAL EXPERIENCE RECORD

**Dates** : From Jan. 2021 till now  
**Employer** : Reliance Heavy Industries, Cairo  
**Job title** : Electrical Foreman  
**Job Description** :

**Dates** : From Mar. 2004 till Dec. 2010  
**Employer** : Lafarge Cement Co. – Algeria  
**Job title** : Electrical Foreman  
**Job Description** :

- Oversaw installation, maintenance and repair of power lines, electrical systems, fixtures and appliances.
- Planned, assigned, scheduled and supervised work of power linesmen, electricians and other assisting personnel.
- Read complex schematics and blueprints to install and repair electrical systems.
- Facilitated work site safety by applying knowledge of safety protocol and awareness of potential hazards.

**Dates** : From Sep. 2002 till Mar. 2004  
**Employer** : Arab Swiss for Engineering (ASEC), Cairo  
**Job title** : Electrical Technician

**Job Description** : 

- Performed preventive maintenance tasks to verify proper working condition of electrical panels and conduits.
- Tested, troubleshot, and calibrated equipment in shop and field.
- Tested wiring and other system parts for electrical flow and function.
- Disconnected and removed motors and pumps.
- Installed, adjusted and calibrated electrical equipment and instrumentation to maintain proper performance.

**Dates** : From Sep. 2001 till Sep. 2002

**Employer** : Alexandria National Company for Metal Forming (ANBORG)

**Job title** : Electrical Technician

**Job Description** : 

- Installed electrical conduit and wiring for power, controls, and lighting.
- Performed preventive maintenance tasks to verify proper working condition of electrical panels and conduits.
- Tested, troubleshot, and calibrated equipment in shop and field.
- Tested wiring and other system parts for electrical flow and function.
- Disconnected and removed motors and pumps.

**Dates** : From Aug. 2000 till Sep. 2001

**Employer** : Egyptian British Galina Company, Alexandria

**Job title** : Electrical Technician

**Job Description** : 

- Installed electrical conduit and wiring for power, controls, and lighting.
- Performed preventive maintenance tasks to verify proper working condition of electrical panels and conduits.
- Tested, troubleshot, and calibrated equipment in shop and field.
- Tested wiring and other system parts for electrical flow and function.

**Field of experience** : 

- AC Drive Systems.
- DC Drive Systems.
- Motor Control Systems.
- ATS circuits.
- UPS circuits.
- Pneumatic Control Systems.
- Hydraulic Control Systems.
- Compressors.
- PLC Systems.
- Electrical wires.
- Electrical inspector.
- Bearing Technologies.
- Industrial Safety.
- Housekeeping.
- Electrical Maintenance.
- Electrical Installations.
- State and local codes.
- OSHA Standards.
- Equipment maintenance.
- Electrical systems installation.
- Technical Writing.
