

Holds a B. Sc. in Civil Engineering and has over 4 years hands-on experience in the field of construction, roads and airports.

PERSONAL DATA

Nationality : Egyptian
Birth Date : 23/11/1991
Gender : Male
Marital Status : Single
Residence : Cairo

EDUCATION

: B. Sc. in Civil Engineering, Cairo University, 2015

LANGUAGES

Arabic : Native Language
English : Very Good

COMPUTER SKILLS

: Windows, MS Office, Internet
: AutoCAD
: Civil 3D
: Photoshop

TRAINING COURSES AND CERTIFICATIONS

- : I completed general English course level (13), AUC (American University in Cairo) (Aug. 2012).
- : ICDL (International Computer Driving License) (UNESCO) (2009).
- : I completed Civil 3D, AutoCAD & Photoshop courses, Faculty of Engineering - Cairo University (Aug. 2013).
- : Self-development course which included: Make a Choice, Problem Solving, Decision Making and Self Confidence (Our Vision team) (Feb. 2010).
- : Trainings at:
 - Nile Research Institute (surveying work).
 - Al Nasr General Contracting Hassan Mohamed Allam (concrete work).
 - Detach construction and trading (concrete work).
 - Porto October Project (Amer Group) (Road work).

CHRONOLOGICAL EXPERIENCE RECORD

Dates : From Apr. 2018 till now
Employer : Engineering Consultant Khatib & Alami
Project : Damietta Furniture City
Job title : Civil Engineer
Job Description : Pavement and inspection for asphalt layer according to Technical specifications of the project, inspection of different Embankment layer (base course, sub base, sub grad and bolder), inspect hardscape work (curb stone and interlock) and follow up to laboratory test according to ASTM.

Dates : From Oct. 2017 till Apr. 2018
Employer : Misr Contract
Project : Alrawda Compound, El Ain Sokhna
Job title : Civil Engineer
Job Description : Pavement of asphalt layer according to technical specification of project, operation of embankment layer (sub grade and base course), create a payments of sub-contractors and Protection work of oil and gas pipelines for oil holding companies.

Dates : From Oct. 2016 till Oct. 2017
Employer : Misr Contract
Project : UP TOWN CAIRO
Job title : Civil Engineer
Job Description : Interpreting survey results into technical drawings, operation of embankment layer, Pavement of asphalt layer according to technical specification of project and attend public meetings to discuss projects.

Dates : From Apr. 2016 till Oct. 2016
Employer : Development Research & Technological Planning Center - Cairo University
Project : Cairo International Airport
Job title : Civil Engineer
Job Description : Pavement and inspection asphalt layer according to technical specification of project, follow up to laboratory test according to ASTM, inspection of grading Embankment layer and treatment of thermos and Gio cracks.

Dates : From Jan. 2015 till Dec. 2015
Employer : Development Research & Technological Planning Center - Cairo University
Project : Taba International Airport
Job title : Civil Engineer
Job Description : Pavement and inspection asphalt layer according to technical specification of project, follow up to laboratory test according to ASTM, inspection of grading Embankment layer and treatment of thermos and Gio cracks.

Field of experience :

- Ensuring that all materials used and work performed are as per specifications.
- Analyzing survey, mapping and materials-testing data with computer

modeling software.

- Estimate quantities and cost of materials.
- Undertake technical and feasibility studies and site investigations.
- Ensure that a project runs smoothly and that the structure is completed on time and within budget.
- Compile, check and approve reports.
- Find solutions to overcome unforeseen construction difficulties.
- Promoting and improving professional standards for engineering design.
- High Speed Data Entry, Experienced in writing documents and reports.
