Job title : Country SHEQ Manager
Job Description :

- Direct the resources and activities of the Division to support the SHEQ programs by providing advice and guidance to the Company Senior Management.
- Continually maintain an appropriate level of awareness, knowledge and preparedness across the Division to create a culture that prioritizes effective SHEQ and balances overall associated costs.
- Review internal SHEQ policies and practices to ensure they are current and appropriate; conduct hazard and risk assessments and change existing, or develop new recommendations from these assessments.
- Serve as the Division expert within the field of SHEQ when called upon to address regulatory agency compliance issues, third party safety & liability consultants and subcontractor representatives.
- Responsible for the staffing and directing the Divisions SHEQ Department, including the management of all Field Safety Managers and staff.

- Responsible for the development of an annual budget recommendations and implementation.
- Provide regular written reports, as well as other production-related results and updates to the Senior Management Team.
- Assist project team in investigation of all project incidents (GL/WC/Recordable Incidents, Near Miss and First Aid) and ensure proper records are completed and submitted. Assist in implementation of corrective actions as it relates to the incident and ensure “lessons learned” are communicated throughout the Company and are incorporated into the program, if necessary.
- Devise, supervise, and coordinate training programs or media which will increase proficiency in safe practices and promote SHEQ consciousness.
- Actively participate in the scheduling of safety meetings across Company locations to review SHEQ performance and policies.
- Deliver, review and evaluate training courses to all levels of the organization.
