Certificate of Employment

This is to certify, that Egypt Engineering Services, S.A.E. "EGYPTROL" has provided manpower to **cosinus phi consult GmbH** in order to support our customer KdP, Portugal/ MAN Ferrostaal for the project "FAJR 1", Iran.

The plant consists of 2 Gas Turbines GE Frame 9 with an electrical output of 125 MW each.

The positions covered by Egyptrol were:

- Commissioning Team Leader
- Senior Process Engineer for the GT and all its auxiliary and ancillary systems

After the start of the commercial operation of the Units EGYPTROL's engineers supported the client's staff by providing proper training about all operation and maintenance matters.

The project assignment for EGYPTROL's staff started in February 2008 and was successfully completed in August 2008.

During this assignment the engineers exhibited a professional manner in performing the duties and adhered to the company ethic to a great extend.

Based on the excellent performance shown **cosinus phi consult GmbH** could maintain a close business relationship with our customer.
