

Holds a B. Sc. in Civil Engineering and has over 14 years hands-on experience in performing professional structural design of reinforced concrete structures according to Euro Code, British standards, ACI and Egyptian codes mostly in power substation, hotels, residential, Commercial, Industrial and Healthcare sectors.

PERSONAL DATA

Nationality : Egyptian
Birth Date : 03/11/1981
Gender : Male

EDUCATION

: B. Sc. in Civil Engineering, Cairo University, 2003
: Master degree of Engineering (on-going), Ain Shams University
(Major: Project Management)

LANGUAGES

Arabic : Native Language
English : Very Good

COMPUTER SKILLS

: Windows, MS Office, Internet
: AutoCAD
: Revit Structural
: Primavera
: Staad Pro
: Etab
: SAP
: Safe
: Csi Column
: Prokon

TRAINING COURSES AND CERTIFICATIONS

: Project Management Professional (PMP), Project Management Institute
(Mar. 2014).
: Courses:

- Training course in Sap (2002).
- Training course in AutoCAD (2002).

- Training course in Civil Activities at Site (2006).
 - Training course in Using Total Station (2007).
 - Training course in Primavera (2007).
 - Training course in Interpersonal Skills at AUC (2008).
 - Training course in English at Berlitz (2008).
 - Training course in Sap at AUC (2009).
 - English courses at British Council (3 levels) (2010).
 - Training course in Stress Management (2011).
 - English courses at British Council (4 levels), 2011.
 - Training course in Strategic Planning (2012).
 - Training course in Stress Management (2012).
 - English courses at British Council (3 levels), 2012.
 - Training course in How to Manage Your Life (2012).
 - Training course in How to Thinking Big (2012).
 - Training course in How to Reach the Balance in Your Life (2012).
 - Training course in Revit Structural (2013).
- : Trainings at:
- Ahmed Abd Elwareth Consultant Group (2002).
 - Arab Contractor Company (2001).
 - Ahmed Abd Elbar Company (2000).
 - Faculty of Engineering (1999).

CHRONOLOGICAL EXPERIENCE RECORD

- Dates** : From Mar. 2017 till now
- Employer** : AL AMAR Consulting Group, Cairo
- Projects** :
- El-Bady mulituse complex, Oman
 - Refurbishment of BelAir Commercial Building
 - Design of Palm Valley Mall
 - Design of Madinaty City Center (administration and residential concrete towers)
- Job title** : Principal Structural Engineer
- Job Description** :
- Managing and technically support a team of engineers to deliver multiple projects on time and within budget.
 - Ensure that Structural package is compliant with all local / national standards.
 - Consulting with client to determine functional ad spatial requirement of the project.
-
- Dates** : From Jul. 2015 till Feb. 2017
- Employer** : NRC International Construction Management, Cairo
