

Holds a B. Sc. in Mechanical Power Engineering and has about 5 years hands-on experience working in construction field.

## PERSONAL DATA

Nationality : Egyptian  
Birth Date : 18/08/1988  
Gender : Male  
Marital Status : Single  
Residence : El-Zeiton, Cairo

## EDUCATION

: B. Sc. in Mechanical Power Engineering, Ain Shams University, 2010  
: Secondary Education: El-Koba School

## LANGUAGES

Arabic : Native Language  
English : Fluent  
French : Basics

## COMPUTER SKILLS

: Windows, MS Office, Internet  
: Inventor  
: Matlab Essential  
: EES

## TRAINING COURSES AND CERTIFICATIONS

- : Attended conferences on the environment:
  - First Conference: International Green Renewable Energy Conference (IGREC) (Dec. 2009).
  - Second Conference: Japan – Egypt Environment seminar in collaboration between Ain Shams University and Japan Foundation (Mar. 2010).
  - Third Conference: Workshop on "Green & Sustainable Entrepreneurship", organized by "The Austrian culture forum" (Mar. 2012).
- : Summer trainings:
  - Egyptian General Petroleum Corporation: trained in the Safety, Security and Environmental Department (2007).

- Khalda Petroleum Company (2008):
  - Worked with the Engineers team in the Maintenance department to apply preventive maintenance to Mechanical Equipments.
  - Joined Firefighting school to assure applying max. safety rules as Safety Engineer.
- Gulf of Suez Petroleum Company (2009):
  - Worked with the Engineers team in the Maintenance department to apply preventive maintenance to Mechanical Equipments.
  - Joined Firefighting school to assure applying max. safety rules as Safety Engineer.
- Egypt Air for Maintenance & Engineering (2009):
  - Worked with the authorized team in the Airplane Hanger to perform the periodic check.
  - Attended the overall check up for Airplane Engines and differentiate between turbo propeller & turbo jet.

## CHRONOLOGICAL EXPERIENCE RECORD

**Dates** : From 2014 till now  
**Employer** : Al-Mansoori Specialized Engineering  
**Job title** : Petroleum Services Field Engineer  
**Job Description** :
 

- Responsible for handling test package.
- Rigging up and down the equipment.
- Sampling oil & gas and analyzing them.
- Responsible for the technical support and quality insurance for the Testing process.
- Responsible for maintenance and calibration of all equipments used in the Test.
- Participating in Displacement and Lifting job.
- Redress Ball-Valve & Gate-Valve.

**Dates** : From 2013 till 2014  
**Employer** : Arab Industrial Security Co.  
**Job title** : Fire Fighting Engineer  
**Job Description** : Responsible for installing fire fighting system at E-Methanex.

**Dates** : From 2012 till 2013  
**Employer** : Doosan Heavy Industries & Construction Co.  
**Project** : El Ain El Sokhna Supercritical Thermal Power Plant (Units 1 & 2) 2x650MW, Gas/Oil Fired Units  
**Job title** : Mechanical Construction Engineer  
**Job Description** :
 

- Responsible for the development and testing of Welders for subcontractors.
- Responsible for the technical support and quality insurance for the Insulation system in the project.
- Coordinate between different subcontractors to achieve max. Progress.
- Responsible for determine the actual thickness of Fireproofing.
- Supervising the erection of Duct system for Thermal Power Plant, including Air & Gas system.

- Supervising the Refractory Process for the Burner.
