

Holds a B. Sc. in Electrical Engineering and has about 5 years experience working in construction, design and technical office.

PERSONAL DATA

Nationality : Egyptian
Birth Date : 06/06/1990
Gender : Male
Marital Status : Single
Residence : Zagazig

EDUCATION

: B. Sc. in Electrical Engineering, Zagazig University, 2012

LANGUAGES

Arabic : Native Language
English : Good

COMPUTER SKILLS

: Windows, MS Office, Internet

TRAINING COURSES AND CERTIFICATIONS

- : Training at Khalda Petroleum Co. (1 month in 2010).
- : Training at Egypt New & Renewable Energy Authority (NREA) (1 month in 2010): studied about renewable energy and know types of it.
- : Training at BADR Petroleum Co. (1 month in 2011).
- : Training at company of Schlumberger (services of petroleum) (1 month in 2011): learnt and studied about this field such as wire line and take experience about it and types of services of petrol.
- : Training at project of JCEE (Joint Committee Egyptian Germany in renewable energy, energy efficiency and environment protection) (9 months):
 - Learnt about renewable energy and equipments and course of large scale pv for project of Kom Omba.
 - Prepared reports and documents about renewable energy.
 - Prepared feasibility of study about solar power plant.
 - Prepared feasibility study about desalination plants.
- : Classic Control.
- : Business English.

- : Large scale photo voltaic.
- : Distribution.
- : PLC
- : Fire system.
- : ICDL
- : Human Resources.
- : AutoCAD and AutoCAD Electrical.
- : Design substation GIS (gas insulated switchgear) and AIS (air insulated switchgear).

CHRONOLOGICAL EXPERIENCE RECORD

- Employer** : Basin Alandals for contracting, KSA
- Job Description** :
- Soliman Elhabib Hospital Project (Site Engineer).
 - Arrangement daily works with Saudi Arikon contractor.
 - Arrangement daily works with workers and prepare reports.
 - Follow up schemes lighting, power, local data, fire alarm, cctv, nurse call, low current.
 - Do shop drawings for hospital.
 - Prepare date sheet for workers.
-
- Employer** : Gasm El Ko Ahmed for engineering consultants and supervision, KSA
- Job Description** :
- Design electrical drawings (lighting, power, local data, fire alarm, cctv, hvac, load panel for low voltage and medium voltage for villa and commercial building and warehouse.
 - Design electrical drawings for street lighting and medium voltage for infrastructure.
 - Supervision and development project scheme alaoroba 1015 for street lighting, medium voltage for infrastructure, follow up schemes with contractor and prepare reports for owner and Eastern province amana.
 - Supervision and development project scheme bsatin 1457 for lighting, medium voltage, telephone, roads, for infrastructure, follow up schemes with contractor and prepare reports for owner and Eastern province amana.
 - Supervision and development project scheme 666 for lighting, medium voltage for infrastructure, follow up schemes with contractor and prepare reports for owner and Eastern province amana.
 - Supervision and development project scheme 1128 for lighting, medium voltage for infrastructure, follow up schemes with contractor and prepare reports for owner and Eastern province amana.
-
- Employer** : EPS (Electric Power System) for consultant and supervision
- Job Description** :
- Design and supervision of the implementation and advisory projects of photovoltaic and power stations.
 - Prepare feasibility study of Toshka Project.
 - Implement protection project for Suco by using Etab program.
 - Prepare calculations of earthing system for Suco Company.
 - Analysis tenders of photovoltaic from company for EPS project.
 - Prepare studies about GIS and AIS substations and take training for

design substations.

- Supervision and installation 10kw peak at surface of company.

Dates : For 1 year

Employer : Alhambia Company for Contracting

Job Description :

- Shop drawings for projects.
- Prepare distribution works for project and use Dailux program.
- Prepare calculations for short circuit, voltage drop, cable current and circuit breaker current.
- Arrangement daily works with workers and prepare reports.
- Follow up schemes lighting, power, local data, fire alarm, cctv, nurse call, low current.
- Do shop drawings for hospital.
- Prepare date sheet for workers.
