

Holds a B. Sc. in Chemistry / Geology and has over 2 years hands-on experience working as Chemist.

## **PERSONAL DATA**

Nationality : Egyptian  
Gender : Male  
Marital Status : Single  
Residence : Alexandria

## **EDUCATION**

: B. Sc. in Chemistry / Geology, Alexandria University, 2014

## **LANGUAGES**

Arabic : Native Language  
English : Fluent  
French : Fair

## **COMPUTER SKILLS**

: Windows, MS Office (Word, Excel, Power Point), Internet

## **TRAINING COURSES AND CERTIFICATIONS**

- : Internship at Alexandria Petroleum Co. (Jul./Aug. 2011):
  - Water Treatment Lab: Participated in all activities of water treatment to remove impurities and harmful minerals.
  - Environmental Lab: Participated in analyzing Manufacturing waste.
  - Asphalt Lab: Participated in all the activities of analyzing the quality of asphalt.
  - Analytical Lab: Participated in analyzing of total petroleum hydrocarbons and identifying the percentage of each hydrocarbon.
  - Physics Lab: Participated in some physical tests like pour point, flash point, cloud point and viscosity.
- : Internship at Abu Qir Fertilizers Co. (Aug. 2011):
  - Water Treatment Lab: Participated in water treatment process to remove the different impurities in the raw water to render the water safe and clean and to ensure the treated water quality meets the industrial water standards.
  - Gas Lab: Participated in all the operations involved in the production of the necessary materials such as ammonia for the production of fertilizers.
  - Quality Control Lab: Participated in analyzing and report of intermediate

- raw materials and of Final product of fertilizers.
- Environment Lab: Participated in analyzing Manufacturing waste water waste and air pollution.

## CHRONOLOGICAL EXPERIENCE RECORD

- Dates** : From Nov. 2017 till Jul. 2018
- Employer** : Wadi Feed Manufacturing
- Job Description** : Perform all lab analysis:
- Analysis of all raw materials (Corn, Soya, MCP, Soya oil).
  - Analysis of all Feed Grades during production and final product.
  - Mixing Vitamins, Minerals and Enzymes at Premix Lab.
  - Participate in R&D projects.
- 
- Dates** : From Jun. 2016 till Oct. 2017
- Employer** : Nile Waterproofing Materials Co.
- Job Description** : Perform all lab analysis and production lines following up:
- Responsible for raw materials (Bitumen, Polymers, Reinforcement) acceptance and its behavior during process and its final evaluation.
  - Responsible for testing the product during process and the finished product.
  - Responsible for R&D department projects.
  - Releasing product formula sheet to the production.
  - Following up the quality of two production lines.
  - Responsible for calibration process.
